

To Whom It May Concern,

I am the Extra Curricular Activities Master and a Visual Arts teacher of Saint Antonius Primary School. In the past term, we decided to develop the ceramic into our Visual Art subject in our school but we found that we lacked of ceramic knowledge to handle the project. Fortunately, we have chosen the right partner to work with, that is Hearty Ceramic Supply Company. They really gave us a big hand in our ceramic function and development. After the cooperation with Hearty Ceramic Supply Company, I can truly say that they are professional, reliable, cordial supplier. Furthermore, they provided high quality services and products to us. In the future, I really hope that we can have a long-term cooperation with them.

Best Regards,

**Cheung Ling Hong
(SAPS Extra Curricular Activities Master)**
